

Some call it the work horse of commercial coatings. Since 1665 the evolution of the epoxy floors have continued to change. Today we have many different types of epoxy and for our purpose, just a few ideal for the seamless floor industry.

Benefits of Epoxy floor coatings:

- Durable
- Great overall performance
- Easy to apply
- Flexible installations
- Wide variety of colours
- Wide range of systems and cosmetic finishes
- VOC compliant on most epoxies
- Easy maintenance
